

FUN CASINO HIRE

The fun casinos are a great addition to any party, especially those with Bond or Black Tie theme. Our Casinos are for fun only, which means no money is directly exchanged at the table and so no gaming license is required.

ROULETTE

A popular choice at all traditional casinos, Roulette is a simple but fast paced game of chance. Place your bet on a number, colour, odd or even and spin the wheel. Let fate decide your fortune.

BLACKJACK

Blackjack has various names but is always a favourite. Aim to score 21 with the cards dealt to you or try your luck with more cards.

POKER

Five card stud poker. Probably the most popular and most frequently played card game in the world, poker would be a great addition to your event entertainment.

BRANDING

Continue branding throughout your event by designing the fun money with your logo.

Or for private parties, why not add a photo of the birthday boy/girl or Bride and Groom.

If only one table is required this must be Roulette or Blackjack.
